Outline

- 1 Introduction
- 2 About Us
- 3 Products and Services
- 4 Contact Us

Introduction

CoffeeChain is committed to serving and delivering high quality coffee products right on the blockchain.

CoffeeChain is a cafe chain with locations around the world. Our coffee beans will be ethically sourced directly from farmers. Our investors will be able to own a piece of CoffeeChain through the \$CC token that rewards investors just for holding. \$CC will be an accepted means of payment at all our locations worldwide, giving the token immediate real-world utility.

Why we are bringing CoffeeChain to the blockchain

- ☕ Every transaction in the can be tracked and verified as the blockchain is transparent.
- ☕ We believe CoffeeChain will be best protected by leveraging blockchain security.
- ☕ Blockchain ensures that the CoffeeChain business is answerable to its investors.
- ☕ \$CC token ensures ownership in the business, so investors can buy and sell their stake.

About Us

CoffeeChain is the brainchild of a group of industry veterans bringing the \$500 billion coffee industry to the blockchain

Blockchain technology has gained a lot of attention for its potential to revolutionize different industries and one of the industries that can benefit from this technology is the coffee industry.

We are here to fill a gap that has been left open for too long and bring value to investors while we're at it.

Products and Services

We have an array of quality products and services for our partners and customers.

CoffeeChain's products will range from coffee, beverages, breakfast menus, as well as pastries and baked goods, etc..

We also offer coffee beans for those who want to make their own coffee, a make your own coffee station, and coffee appliances.

The CoffeeChain (\$CC) token bestows investors with ownership, transferability, dividends, and governance features.

OUR TARGETS THIS YEAR:

Complete presale

Our presale is the first opportunity for investors to get involved with the CoffeeChain brand

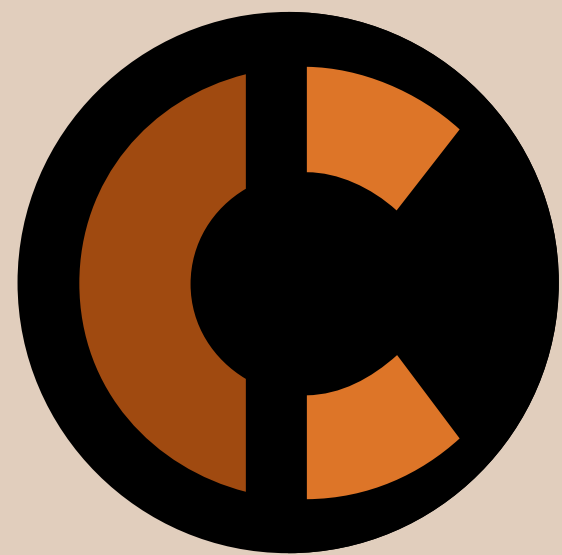

Expand Locations

Our presale raise will go toward expanding to multiple locations worldwide in rapid succession

Diversify Products

We plan to launch multiple products at all locations, as well as absorb other cafes into our portfolio

COFFEECHAIN TOKENOMICS

TEAM

This will go toward expanding the team and securing a healthy runway as the team builds out CoffeeChain.

TREASURY

The CoffeeChain treasury will go toward the project, as well as fund other projects wanting to launch under the CoffeeChain brand.

PUBLIC SALE

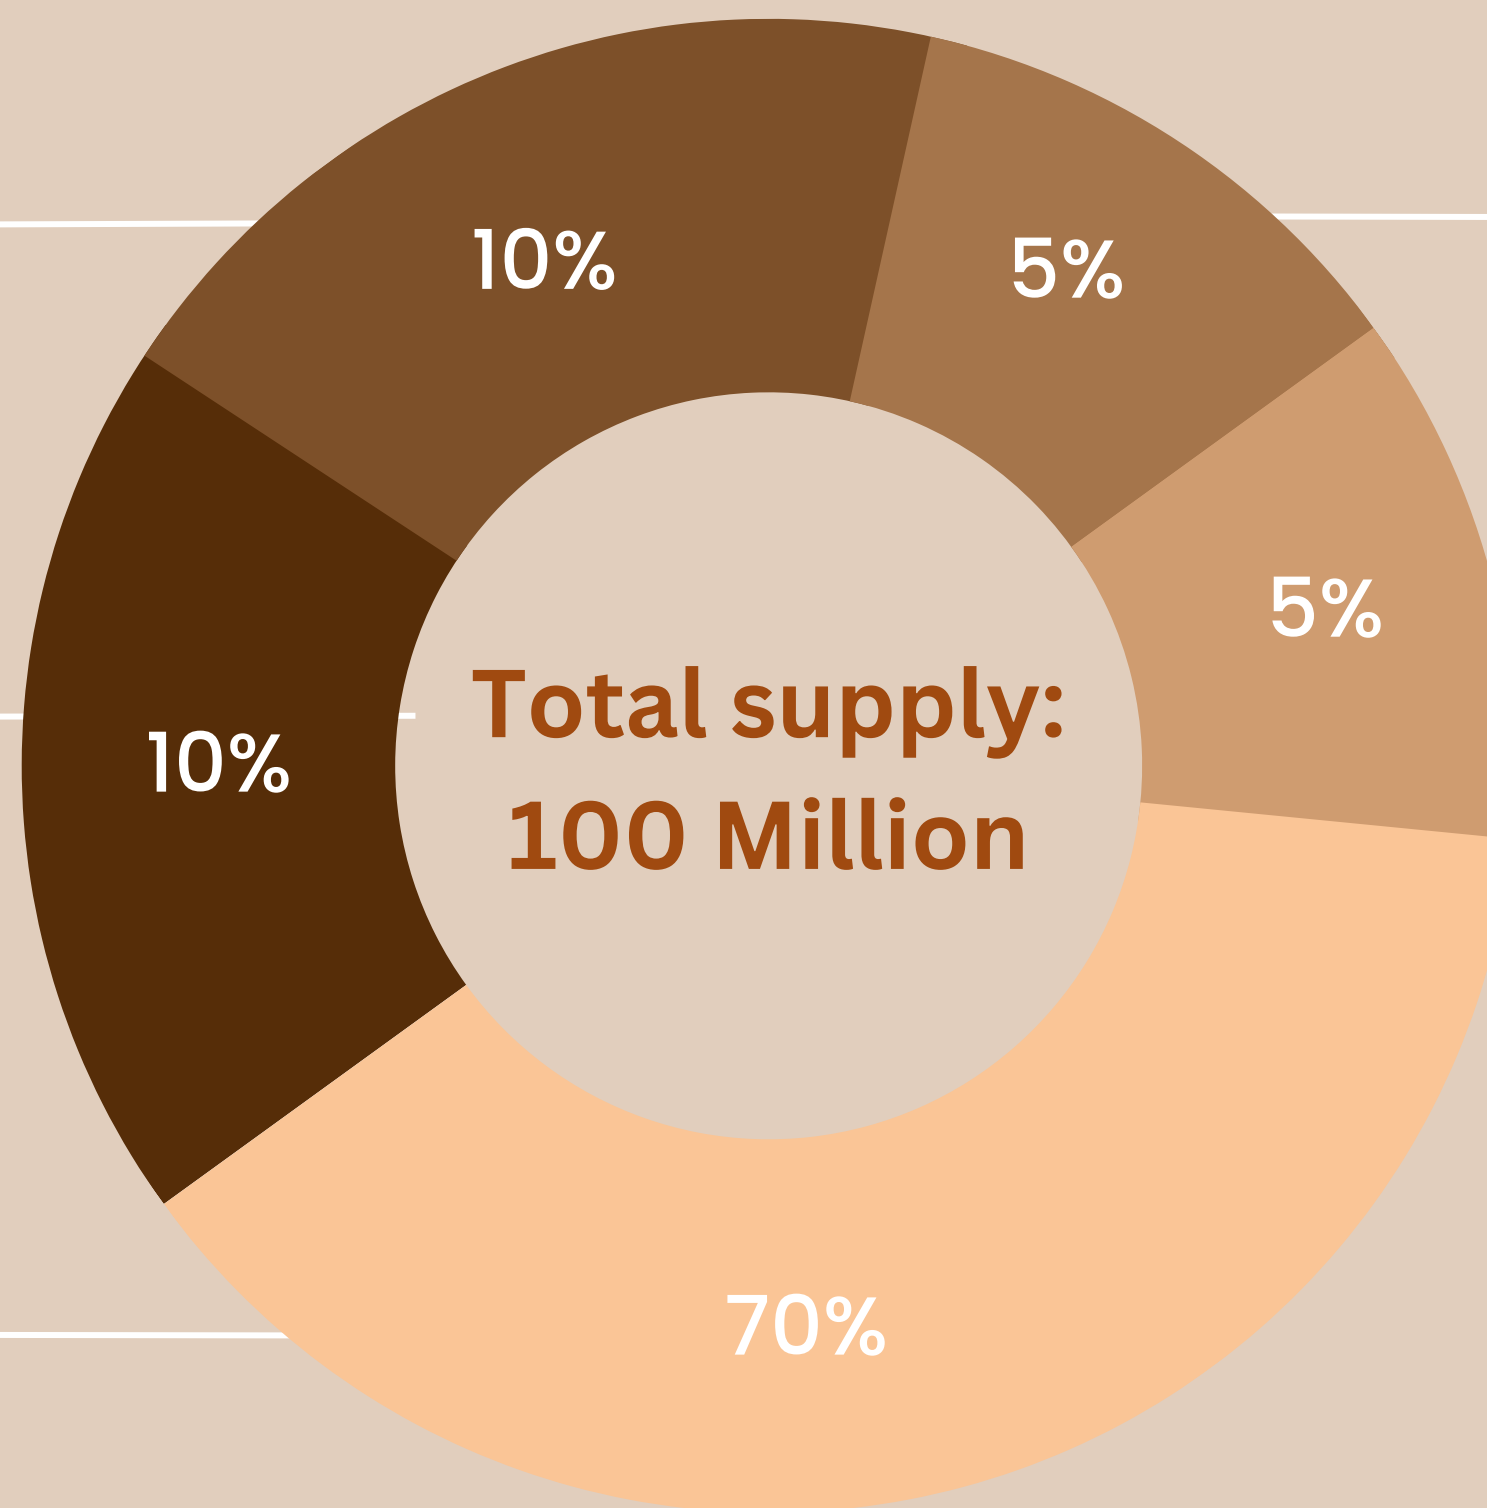

This is our community allocation that will give everyone the option to get at a great price.

FARMERS' FUND

The Farmers' Fund will go toward helping cocoa farmers around the world to help increase their production.

MARKETING

All projects need marketing no matter how solid they are. CoffeeChain's marketing will be always ongoing to ensure the brand is always at the forefront of investors' minds.
